

The Fine Print

Be aware that the average cost of videos in our collection is \$500. If you or your shipper lose the video(s) you will be held responsible for their replacement cost. When shipping by UPS your package is automatically insured for \$100. Purchasing additional insurance is your responsibility, but not required.

If you choose to use the US POSTAL SERVICE, you must send by certified mail and use our PO BOX address: Department of Labor & Industries, Safety & Health Video Library, PO Box 44607, Olympia, WA 98504-4607.

The fourth-class, or media rate, is inappropriate for video returns, as are all other non-traceable means.

You will be charged for items not returned.

Also, please be sure to rewind all videos, and to place each one **correctly** in its proper case - videos can be easily damaged by being forced into cases backwards or upside-down. Protect videos from inclement weather during shipment.

Many employees of state agencies borrow videos from the Safety & Health Video Library. They, too, must use a traceable shipper to return videos. Thurston County residents must pick up and return videos in person.

We require you to **reserve videos at least ten days prior to your show date** to allow time for shipping to any city out of the greater Olympia area. For local requests allow at least two days for scheduling and one day for pick-up. Locally borrowed videos must be picked up and returned in person.

May I Duplicate Videos?

Unless you're absolutely certain that a particular program is not copyrighted, **assume that it's fully protected by copyright.** See the next column for a list of titles that can be duplicated.

Good News! Free Videos!

These are the only videos in our collection that may be duplicated. At this time we can offer to send these videos to you as a regular loan. You may make your own copies and return the original video to us. **Library collection videos are not shipped outside of Washington State.** For more information about each title please consult the Video Title Descriptions section of the catalog beginning on page 41.
